

HEALTH AND SAFETY POLICY

Spirit recognises its responsibilities for health and safety and has implemented safe working practices designed to ensure **compliance with regulatory and legal requirements**.

The Directors and Managers are committed to doing all that is reasonably practicable to **prevent accidents and ill health** and to protect all employees, contractors and visitors engaged in activities at Spirit by providing appropriate supervision, resources, awareness and training.

All employees, contractors and visitors are made aware of their duty to act reasonably and responsibly to prevent accidents and to protect the health and safety of themselves and other personnel.

Signed:

Martin Randall
Managing Director
